Clothespin Wreath

Supplies Needed:

- 3 inch Clothespins (36)
- Wooden stars
- 8 inch round metal wire wreath frame
- Red, white & blue paint
- Paint brush
- Hot glue or craft glue

Step One: Paint clothespins as follows: 16 red, 12 white, and 8 blue. The pins will **NOT** lay flush to wall so paint all sides if you do not want wood to show. Paint stars white on one side. Dry completely before moving to the next step.

Tip: Prop up the pins during dry time so they do not stick to the drying surface.

Continued on back

Step Two: Once dry, clip pins onto two innermost rings of wreath frame. They should rest snugly in the line gaps of the pins. Begin with 8 blue all together, then begin your stripes with 4 red, 4 white, repeating until all are used.

Step Three: Lay out painted stars onto blue pins and play with arrangement - they can be in rows or randomly scattered - whatever your preference!

Step Four: Once layout is finalized, use glue to secure stars into place. Allow to dry before hanging.
