

SHAMROCK DOOR DECORATION

Supplies included:

Blank wooden shamrock
Green paint (2 oz. bottle)
Puzzle pieces with green backs

Supplies needed:

Paint brush
Craft glue or hot glue gun
& hot glue sticks

Step One: Remove twine from shamrock and paint entire surface. You can paint either side of shamrock. It's your choice! Allow to dry. Repeat if necessary.

Step Two: Place puzzle pieces with green side showing in one layer on the shamrock's surface. Experiment with layout to see what style you like best! See images below for inspiration. Be sure not to cover the holes for hanging twine.

Step Three: Using craft glue or hot glue gun, attach each individual puzzle piece to shamrock. *Note: Hot glue will dry quickly and may be bulky so use small dots and attach right away. If using craft glue, allow to dry completely before going to Step 4.*

Step Four: Place a second layer of pieces on top of first. Try to position to cover any gaps. Glue into place.

Step Five: Once glue is dry, reattach twine and find a perfect place to hang your new creation!

Personalization Ideas: Decorate these even further with buttons, glitter or a word banner! Don't forget to share your fabulous creations on our Way Public Library Facebook page!
