As we begin August and get closer to the start of the new school year, Way Library would like to remind everyone that we have the tools students need to succeed in school! Parents and students should take advantage of our materials and services that will make homework and other assignments easier to manage. Every student from grades 5-12 in the Perrysburg school district is automatically registered for a Way Library e-card, providing access to all of our digital resources including books, research materials, test prep at Mometrixlibrary.com, and live, one-on-one tutoring and homework help seven days a week through Tutor.com.

Even if you don't have a student in your home, it's never too late to learn something new! The Great Courses found under the "Extras" on the main page of the Libby App offers university-level courses for lifelong learners on just about anything and everything. The link for The Great Courses will direct you to the Libby App that you need to get started. LinkedIn Learning for Libraries also helps keep technology and business skills current with expert-led, on-demand courses accessed through your computer or mobile device using your Way Library card. ## Happening at Way Library

**Touch Game Table Dedicated July 23  
In Memory of John W. "Jack" Foster**

Thanks to the generous donations received in memory of long-time friend and patron Jack Foster, a new electronic game table was purchased and

unveiled on Saturday, July 23, in the children's play area. Jack's family chose the game table as an appropriate tribute that combined his love of technology and children. His three great-grandchildren, Owen and Liam Reilly, and Cora Gengler, officially presided over the unveiling.
