A Special Message to our Community

Greetings!

After careful consideration, Way Library has made the difficult decision to close temporarily in response to the COVID-19 pandemic.

The library will be closed from Monday, March 16, 2020 through Sunday, April 5, 2020. Out of an abundance of caution, all programs have been suspended through April 19, 2020.

In the interest of protecting those we serve and supporting the statewide effort to contain the spread of COVID-19, the library will be closed for three weeks. Our reopening date is subject to review based upon ongoing developments with regard to the Coronavirus pandemic.

The library will continue to provide digital services, such as ebooks, downloadable audiobooks, streaming movies, television, and music, access to online magazines, and many other resources. Exterior book drops will remain open while the library is closed, but patrons are welcome to keep all items until the library reopens if they prefer.

Please follow us on [Facebook](#) and check our website at waylibrary.info for updates. We will keep you advised of any additional information which may become available.

The safety and health of our patrons and staff is of paramount importance to us at Way Library.

We believe that the very best way to serve our community at this time is by heeding the recommendations outlined by the Governor and Ohio Department of Health officials regarding "social distancing."

We appreciate your understanding and the expressions of support we have received as we join with other public libraries in Ohio and across the U.S. to take this precautionary step toward keeping our communities safe.

We look forward to a return to normal operations as soon as it is safe and practical to do so. Until then, we hope you will join us in following the suggestions of the [CDC](#) for staying healthy.

Information about COVID-19

Find reliable and current information about the COVID-19 outbreak from these local and national sources.

Ohio Department of Health

[The Ohio Department of Health](#) (ODH) maintains a website with up-to-date information on the outbreak, current risk to the public, and links to helpful resources.

ODH has set up a call center to address questions regarding COVID-19. It is open seven days a week from 9am-8pm and can be reached at **1-833-4-ASK-ODH (1-833-427-5634)**.

Centers for Disease Control

[The U.S. Centers for Disease Control](#) (CDC) has set up a website with a range of information about the current risk to the public, symptoms to watch for, prevention, testing, and advice for schools, communities, and businesses.
